(Phoenix, AZ, July 22, 2013) AZPerio announced today that board-certified Periodontist Holly A. McKnight, DDS, MS, has joined their specialty dental practice. Dr. McKnight will be providing care at their Pinnacle Peak and Central Phoenix locations. A Nebraska native and Diplomate of the American Academy of Periodontology, Dr. McKnight graduated from Creighton University with a Doctor of Dental Surgery degree, and completed her post-graduate training in periodontics at The Ohio State University.

Dr. Steven G. Reitan, founding partner of AZPerio, stated that "the addition of Dr. McKnight is integral to the group's strategy to expand its treatment offerings and clinical presence, and the group looks forward to providing periodontal care to referring practices and their patients in Scottsdale, Carefree, Cave Creek, North Phoenix, Central Phoenix, Biltmore and Arcadia. "Added Dr. Ralph F. Wilson, "We have actively observed her growth and skill as a clinician from afar, as we were familiar with her work at Ohio State and in private practice. What she knows is not as interesting as how much I know she cares, and what she knows is quite impressive."

Dr. McKnight and her AZPerio colleagues provide ethical, compassionate and comprehensive care for a range of dental conditions, including state-of-the-art and highly specialized techniques for the treatment of periodontal disease and the placement of dental implants.

If you or someone you know are considering dental implants, or are suffering with effects of gum disease, please call 480.991.0090 to schedule an appointment with one of our board-certified specialists at one of AZPerio's five Valley-wide locations.

About AZPerio: The Periodontists of AZPerio are specialty-trained and board-certified in periodontics. They and their staffs are dedicated to improving the quality of life of each of their patients through the compassionate treatment of a variety of complex dental conditions. AZPerio's philosophy of care is to improve patients' quality of life, in close collaboration with referring dentists, using innovative technologies and evidence-based techniques to optimize outcomes. Offering a comprehensive spectrum of therapeutic options, AZPerio is one of the nation's premier providers of periodontal services; a practice nationally-recognized for its commitment to the highest standards of patient care, serving patients and their referring practices throughout the greater Phoenix metropolitan area for more than 25 years.
