(Phoenix, AZ, June 9, 2016) AZPerio announced today that board-certified periodontist Jeremiah Whetman, DDS, MS, has joined their specialty dental practice. Dr. Whetman will be providing care at their Gilbert and Ahwatukee locations. A Utah native, Dr. Whetman graduated from Creighton University with a Doctor of Dental Surgery degree, and completed his post-graduate training in periodontics at The University of Texas at San Antonio.

Dr. Steven G. Reitan, founding partner of AZPerio, stated that "the addition of Dr. Whetman is integral to the group's strategy to expand its treatment offerings and clinical presence, and the group looks forward to providing periodontal care to referring practices and their patients in the Gilbert, Tempe, Queen Creek, Chandler and Casa Grande area. " Added Dr. Ralph F. Wilson, "We have actively observed his growth and skill as a clinician from afar, as we were familiar with his work at UT San Antonio and in private practice. What he knows is not as interesting as how much I know he cares, and what he knows is quite impressive."

Dr. Whetman and his AZPerio colleagues provide ethical, compassionate and comprehensive care for a range of dental conditions, including state-of-the-art and highly specialized techniques for the treatment of periodontal disease and the placement of dental implants. If you or someone you know are considering dental implants, or are suffering with effects of gum disease, please call 480.991.0090 to schedule an appointment with one of our board-certified specialists at one of AZPerio's five Valley-wide locations, as well as our offices in Cottonwood and Sedona.

About AZPerio: The Periodontists of AZPerio are specialty-trained and board-certified in periodontics. They and their staffs are dedicated to improving the quality of life of each of their patients through the compassionate treatment of a variety of complex dental conditions. AZPerio's philosophy of care is to improve patients' quality of life, in close collaboration with referring dentists, using innovative technologies and evidence-based techniques to optimize outcomes. Offering a comprehensive spectrum of therapeutic options, AZPerio is one of the nation's premier providers of periodontal services; a practice nationally-recognized for its commitment to the highest standards of patient care, serving patients and their referring practices throughout the greater Phoenix metropolitan area for more than 25 years.
